participation in any APMA event.*

Join the APMA for this informative webinar on paycheck compliance. This webinar is designed for payroll personnel, accountants and any professionals who need to ensure the legal compliance of your company's payroll. We will cover how to properly calculate overtime, the regular rate of pay, piece rate and what needs to be done with nondiscretionary bonuses. We will also discuss what needs to be on the paycheck stub and how to avoid the most common paycheck errors. With PAGA and class action lawsuits being filed daily against ag employers large and small, it is only a matter of time before your company's practices fall under the microscope. The only way to truly win is to be fully compliant with California's complex and ever changing legal requirements.
