Customer Testimonials

"Ganaz HR Onboarding tool is so easy to use and it is saving us so much time. I love how the Workforce Communication tool gets activated immediately after you hire the employees!"

Monica Diaz, HR Generalist, Taylor Farms - Pacific

"The communication tool has been really great to use [...] That's the sort of communication that, in the past, was really difficult to have. [Ganaz] makes it more efficient for the worker and for us."

Tiffany Davis, Business Manager, K&K Land and Management

"The efficiency to have everybody on direct deposit or payroll cards is going to be wonderful. I can't imagine how anybody else would still keep printing out checks."

Olivia Juarez, HR Manager, NWFM
