Human Resource Management

It is vital to document the reasonable steps taken to ensure compliance, including actions to rectify any non-compliance.

Online Help

Datatech's Online Help combines reference articles, workflows, videos, and more into a single, streamlined platform.

The screenshot shows the Datatech Software ONLINE HELP interface. At the top left, the logo for Datatech Software ONLINE HELP is displayed against a background image of trees. Below the logo is a vertical navigation menu with the following items, each with a green downward arrow: Getting Started, Payroll, Labor Reports, Payables, Receivables, General Ledger, Fixed Assets, Cost Accounting, Pesticide Reporting, Security, and Tools. The main content area has a light gray background with the text "Welcome to Datatech's ONLINE HELP" in the upper right. Below this is a search bar with the placeholder text "Search" and a magnifying glass icon. In the center, there are two white boxes. The left box contains a circular icon with a tractor and a group of people. The right box has the heading "The Farmer's Office / The Labor Contractor's Office" and the text: "To successfully meet their business needs, our customers often combine features from The Farmer's Office and The Labor Contractor's Office. This Online Help will guide you through using modules within both software programs." At the bottom center, there is a white button with the text "Get the Most Out of Our Online Help" in green.

Get Started

01.

Made for Your Needs

Once you request a consultation, our team will walk you through a personalized demo of an Ag software package tailored to the needs of **your** Ag business.

02.

Easy to Get Started and Use

We will work alongside you to ensure a smooth transition — including help with installation and imports from your current software. Our software uses an easy-to-use Windows interface.

03.

Training & Software Support

- We offer personalized training:
- In Person
 - Live Webinars
 - Videos & Documentation
 - Software Support
